**COMPANY PROFILE**

# At a Glance

Purnama Bersatu Sdn Bhd is a company incorporated in Kuantan, Pahang, Malaysia on Mei 1985, as a private limited company, with a primary objective of supplying and servicing such as distributing of spares and equipment to the energy industries covering oil & gas, petrochemical, power, marine, onshore and offshore industries.

Purnama Bersatu Sdn Bhd geared by the strong vision and future expansion of the business, the corporate is anticipating to cater for the growing needs in engineering services. This will include technical consultation and support in the specialized areas. The company also connected to manufacturer, stockiest, local and overseas buying house in order to meet customer emergency and uncommon requirement. The corporate strength and capability also stems from the broad experience of it's directors and the management team in the field of trading and engineering on the related industries.
